

Leon Wallace
Street Superintendent

STREET DEPARTMENT

NEWS RELEASE

The Hannibal Street Department is in the final stages of picking up brush/limbs placed curbside left over from the May 20th wind storm. Residents who called immediately after the storm and still have debris placed curbside or in alleys which were not picked up, should call the Street Department at 221-0134 before the deadline of Monday, July 15th. We will not pick up any freshly cut limbs or brush placed curbside recently; only those placed curbside after the storm. The South Main Street drop-off site is now closed. Hannibal residents may now take their yard waste to the Street Department Yard Lot on S. 7th Street. This lot is not for use by paid contractors, who will be prosecuted for dumping illegally if caught dumping on this site.
